

Subject: Call for Paper for Joint Special Issue: Sustainable Innovation in Membrane and Filtration Science for Circular Economy

CC: mia.guo@mdpi.com

Dear Participant of AMSIC 2024,

We are pleased to inform you that a MDPI Special Issue entitled "Sustainable Innovation in Membrane and Filtration Science for Circular Economy" is currently underway, inspired by the 4th Congress of the African Membrane Society (AMSIC 2024).

https://www.mdpi.com/journal/membranes/special_issues/3FXE5UGJOE

Given your interesting work on the theme and related disciplines, we personally invite you and your colleagues to contribute to this Special Issue published in journal *Membranes*. The article may be either original research or a review.

Special Issue: Sustainable Innovation in Membrane and Filtration Science for Circular Economy
Guest Editors: Prof. Dr. Raja Ben Amar, Dr. Abaynesh Yihdego Gebreyohannes, and Prof. Dr. Ivo F.J. Vankelecom

Deadline for abstract submission: **30 November 2024**

Deadline for manuscript submissions: **28 February 2025**

We hope that you also find this Special Issue interesting and of current importance in the field and we look forward to hearing from you soon.

About journal Membranes

Membranes (<https://www.mdpi.com/journal/membranes>) is an international journal covers the broad aspects of membrane science and technology. It is indexed by SCIE (IF 3.3), Scopus (CiteScore 6.1), and many other databases. Manuscripts are peer-reviewed, and a first decision is provided to authors approximately 16.6 days after submission; acceptance to publication is undertaken in 2.6 days (median values for papers published in this journal in the first half of 2024).

Kind regards,

Raja Ben Amar

Abaynesh Yihdego Gebreyohannes

Ivo F.J. Vankelecom
